

King Elementary School 2016-2017

Parental Involvement Plan

Challenging and Preparing Our Students— We believe that a partnership must exist between our parents and our school. We promote positive communication between the school and our students' homes. The school provides a variety of opportunities for parents to be involved in activities supporting our school. We believe teachers have a responsibility to provide the needed framework for parents to nurture their child's formal instruction at home. We will provide materials that can successfully be used at home to reinforce the academic success of children. The district will reserve a minimum of 1% of the Title I, Part A allocation for parental involvement (\$24,058). It is our goal to provide an atmosphere where parents are able to express their views and to assist in problem solving. We want parents to understand that we view them as joint policy and decision makers and plan to emphasize their roles as advocates.

King Elementary School, Parent Involvement Committee is comprised of administrators, teachers, counselors, parents and community members. Listed below are the members for the 2016-2017 school year:
