

Central Elementary School 2018-2019

Parent Involvement Plan Letter

We believe that a partnership must exist between our parents and our school. We promote positive communication between the school and our student's homes. Our Parent Involvement Committee developed the following lists of services and activities to advocate parent involvement and to provide additional support for student learning.

- School staff will communicate in a variety of ways to provide additional information to parents and to increase parent involvement in supporting classroom instruction.
- The school will hold family nights, conferences, and activities throughout the year to boost parent involvement and build staff and parent capacity to engage in these types of efforts. Jill McClaren, School Parent Facilitator will ensure the school's parent involvement committee meets at least quarterly to establish, discuss, and evaluate committee goals, to plan trainings, and provide materials to guide parents as they work with their children, and to develop and use the School- Parent Compact (Title 1 schools).
- The school will furnish information to parents about volunteer opportunities.
- The school will provide an opportunity for parents to engage in decision-making processes in regarding the school's program.
- The school will provide and maintain a parent resource center.
- The school will engage parents in an evaluation of parental involvement efforts through a survey at the end of the school year.
