Semester Test Exemption Policy

Students who have an A, B, or C in a class and have only (3) excused absences (these include medical) or less in that class have the option of being exempt from the semester test in that class. Any unexcused absence, out of school suspensions, or ISS will make a student ineligible for the exemption. School business will not count as an absence. If a student who is exempt chooses to take the test their grade may not be lowered from the result of that test.
