*Checks are to be made payable to Van Buren School District Fine Arts Center
 Changed from separate check made payable to custodians and technicians.

There are three changes from last year's rate sheet.

1. Technician hourly rate is changed from 25 dollars to 29 dollars to compensate for what the district will pay if Eric Smith works as a tech. His hourly rate is higher than custodial overtime.

2. We added a stage manager as a requirement, basically because we found last year that Clients designated a stage manager, but they did not know how to operate the equipment backstage, or they wouldn't keep the headset on to communicate with the booth which caused a degree of chaos in getting the event presented, etc. We feel as though we can train staff or students to fill this function. Basically all we need is someone who can operate the intercom and curtains, who will keep in touch with the booth.
3. I changed the check payable to VBSD FAC from individual custodians and technicians to reflect the change made last year to that practice. We have been doing that anyway, but it needed to be changed on the forms.

Approved by Board of Education: 10/13/09
