

7.16 -- SALES CALLS AND DEMONSTRATIONS -- INSURANCE AND OTHER EMPLOYEE BENEFIT SALESPERSONS

1. Insurance and other employee benefit salespersons who wish to try and sell products to our employees must first register in the office of the Superintendent. Any written material which this person wishes to distribute to our staff will be prepared and paid for by the salesperson and will be distributed to our staff through the campus mail system.
2. The Van Buren School District will not provide salespersons with employees' names or addresses. Salespersons will not be permitted to contact employees on school property unless an individual employee makes an appointment with a salesperson during his/her free time. In such case, the salesperson may then meet with only that employee.
3. Companies which are not presently approved for payroll deduction with the Van Buren School District must sign up a minimum of twenty (20) employees before they will be approved. These companies must also comply with the building requirements which are established by the Van Buren Schools Superintendent's office before they will be approved.
