Our Vision

We will develop all freshmen to their fullest potential for success in high school and beyond.

The administration, faculty and staff are dedicated to all students to develop creative and critical thinking skills, as well as curiosity, initiative, and a positive and healthy attitude toward life. As a result, students will learn to appreciate different cultures, understand human relationships, and respect the rights, needs, and achievements of others so they can become responsible citizens.

To: Parents and Students:

Welcome to the 2019-2020 school year. On behalf of the staff and administration of VBFA, let me express our desire that every student be successful. For this to be a realistic outcome, our school learning community, which includes parents and students in addition to our staff should work together for the desired results.

This procedure guide contains three sections:

Section 1 – Student procedures

Section 2 – Academics

Section 3 – Clubs and Organizations

We believe our staff to be one of the strongest in the state, and we are committed to helping students obtain the best education possible.

We have high expectations for all of our students and will provide them with many learning opportunities. We all know success comes through hard work and perseverance. We realize we only have students for one year so we emphasize skills that last a lifetime. I want to extend my best wishes to all students/parents/guardians, and I look forward to an exciting and productive 2019-2020 school year.

Best Wishes,

Myron Heckman
Principal, Van Buren Freshman Academy
