

Very Important

Have you filled out the free and reduced lunch form yet? We know it is a little confusing since every child is receiving free breakfast and lunch now through December. This is being provided through the USDA; however, if your student would like to receive free or reduced lunch prices January through May, you will have to have an approved application on file. We can send home a paper form with your student, or you can fill out the application online. If you are accessing this through Peachjar, click the "Learn More" button. If you are accessing this through email or from the website, click the link below.

[Free and Reduced Lunch Form](#)

The number of students who qualify for free and reduced lunch impacts our Title I funding for next year so please don't delay!

Please call (479)474-6821 with questions.
