Thursday, June 3rd Report cards

Geometry Parents/Guardians!

We are beginning work on the three-dimensional project in class. We are super excited because it is one of the most fun projects we do all year. Here is some information about the project.

Project Dates:

We started this project on Friday, April 30th. This project is due Wednesday, May 26th.

Working on the Project:

It is an individual classwork project so (other than painting) the project will be completed in class so that we can observe everyone's working habits. Students have been told to develop a design and bring shapes. They could buy shapes, bring shapes from home (like cereal boxes), or use class materials to create the shapes by tracing nets.

The shapes are due in class on Tuesday, May 11th!
